Sir,

SUB: Animal Husbandry - Combined Sheep and Cattle Farm, Kurukuppi, Bellary District - Opening of a first-aid-medical Centre

REF: Government Memorandum No.41086-E/50-2 dated 6-6-1950.

--

The Superintendent, Combined Sheep and Cattle Farm, Kurukuppi, has stated that a remuneration of Rs.30/- p.m. is desirable since the Doctor at Tornagallu Dispensary is a very busy practioner with plenty of private practice. This doctor is the only medical practioner for a number of villages surrounding his headquarters. The medical practitioner has informed the Superintendent that considering the distance from his dispensary at Tornagallu to the Combined Sheep and Cattle Farm, Kurukuppi and the nature of the patients to be had, he would like to have a modest remuneration of a sum between Rs.25/- and Rs.30/- per month for four weekly visits and also in times of emergency.

2. The Joint Director of Animal Husbandry, discussed the matter with the Superintendent and the medical practitioner during his last visit to the Combined Sheep and Cattle Farm, Kurukuppi. The doctor lives in the village about 2½ miles away from the Farm, and the Joint Director considers that a remuneration of Rs.25/-p.m. is reasonable. I agree with the Joint Director of Animal Husbandry, and recommend that Government may be pleased to sanction a fee of Rs.25/- p.m. The services of the doctor will not be available for a fixed Travelling Allowance of Rs.10/- as in the case of the first-aid-medical Centre at Livestock Research Station, Hosur. As a matter of fact, the Medical Officer, Hosur is reported not to take much interest in the working of the centre on account of the low remuneration which does not even cover his actual expenses. The Superintendent, Livestock Research Station, Hosur has, therefore, submitted proposals for enhancement of the remuneration for the medical officer in respect of the first aid medical Centre at Hosur, and propose to submit my proposals to Government shortly in the matter.

Yours faithfully,

for DIRECTOR OF ANIMAL HUSBANDRY,
